

# SC350™

Battery Operated Micro Scrubber

Smart cleaning.

A Nilfisk-Advance Brand

# SC350™

## Battery Operated Micro Scrubber

### Ideal applications include:

- Gas Stations
- Convenience Stores
- Food Service
- Kitchen and Restaurants
- Education Facilities
- Healthcare Facilities
- Retail Stores

## Combining Innovation, Reliability & Performance in a Battery Scrubber

### Innovative Deck and Compact Design Marks a Breakthrough in Daily Scrubbing for Small Area Cleaning

Just another small scrubber? Think again. The Advance SC350 micro scrubber proves it's in a class of its own, delivering faster, better and easier scrubbing. Combine these features with the unique, fully-adjustable rotating deck and you are on your way to superior scrubbing performance. Featuring full battery-powered operation with a standard onboard battery charger, the 14 inch disc delivers more scrubbing with minimal downtime and less hassle. Plus, at only 64 dB A, the SC350 is the quietest machine in its class, making daytime cleaning and cleaning of noise-sensitive areas an easy option. With its compact, maneuverable design, the SC350 is ideal for scrubbing in tight corners or under tables and chairs.

### Patented Rotating Deck

Never skip those hard-to-reach areas again. By using the SC350, with its integrated rotating deck, operators are ensured the flexibility to clean under and around obstacles. The rotating deck allows for water pick-up in all directions – including reverse.

### Battery Operation

Say goodbye to annoying cords and limited scrubbing time and maximize your productivity with the SC350. Operating with a fully-accessible maintenance-free battery, the SC350 provides up to 100 minutes of scrubbing on a single charge. An onboard battery charger allows operators to charge the machine in any electrical outlet. No more transporting the machine back to a charging station.

### Effortless Operation

Employing brush-assisted operation, the SC350 does the hard pushing for you, requiring significantly less physical labor. Through its adjustable water flow feature, the SC350 allows you to quickly switch between high or low flow settings—making it easy to match your cleaning requirements. With a small size and foldable handle, the SC350 is easy to transport and store, even when space is limited.

### Fast, Simple Maintenance

The SC350's easily-accessible, removable 3 gallon recovery tank and a 2.5 gallon solution tank ensure minimal equipment maintenance. Don't mess with timely tank cleaning, instead, remove the tanks to quickly fill, drain and clean them away from the machine itself. Further, all machine components are accessible without the need for tools—including the squeegee.

Easy-to-use control panel has four operating mode options, allowing for diverse scrub settings

Foldable/adjustable handle makes transport and storage easy

Recovery and solution tank can be quickly and easily removed for refill, dumping or cleaning procedures

Standard onboard battery charger saves time and increases productivity

Durable brush and heavy-duty polyurethane squeegee blades can be easily changed without the use of tools

Integrated squeegee allows forward and backward water pick-up

*The SC350 offers four operating modes, including: off, water + brush, water + brush + vacuum, and vacuum only. Two adjustable flow rates—low and high—allow operators to easily match diverse application requirements.*

*The recovery and solution tanks can be removed quickly and easily, allowing operators to fill, drain and clean tanks away from the machine.*

*A compact design and foldable, completely adjustable handle makes the SC350 easy to transport and store. Upright storage keeps pressure off the deck and brush, extending operating life.*

*The SC350 rotating deck allows for both forward and backward scrubbing. Operators can push the machine forward in all directions like a "normal" scrubber. But, if the application requires, operators can quickly flip the machine up, triggering the deck to rotate completely for backward scrubbing performance.*

## Technical Specifications

Models	SC350™
Recommended Operating Speed	2.5 mph (4 kph)
Voltage	12 V
IP Protection Class	IPX4
Insolation Class	III
Rated Power	450 W
Brush Motor	240 W
Vacuum Motor Power	200 W
Airflow	17.8 L/Sec
Vacuum	6.9 KPA
Sound Pressure Level	64 dB A
Maximum Run Time	1.65 hours
Productivity Rate Theoretical (low/high)	4,800 ft² / 9,500 ft²
Scrubbing Width	14.5 in (37 cm)
Min. Turn-around Aisle Width	33.5 in (85 cm)
Water Flow	.066 / .132 gpm
Solution Tank	2.5 gal (9.5 L)
Recovery Tank	3 gal (11.35 L)
Squeegee Width	18.7 in (47.5 cm)
Brush Pressure	60 lb (27 kg)
Brush Speed	140 RPM
Brush Size	(1) 14.5 in (37 cm)
Dimensions (L x W x H)	28 in x 17 in x 18.5 in (71.1 cm x 43.2 cm x 47 cm)
Battery Compartment Size (L x W x H)	13.5 x 6.5 x 9.4 in (34.3 cm x 16.5 cm x 23.9 cm)
Weight without Batteries	83 lb (38 kg)
Weight with Batteries	158 lb (72 kg)
Part Number	9087304020

Specifications are subject to change without notice.

## Accessories and options

- Squeegee Kit
- Blade Squeegee Kit
- Multiple Brushes Available
- Multiple Pads Available
- Pad Holder

## Productivity

The SC350 scrubber delivers effective cleaning performance for all cleaning applications from hallways and entryways to hard-to-reach areas with limited access. With unique forward and reverse scrubbing capabilities and battery operation, the SC350 allows staff to clean effectively and efficiently.

### Smart cleaning.

Our products are designed using innovative technologies that increase productivity and drive down the cost to clean.

Maintain peak performance with Nilfisk Genuine OEM Parts.
